Corporation of Harpers Ferry's Position and Action Concerning the Proposed Rockwool Major Stationary Source of Hazardous Air Pollution

The Corporation of Harpers Ferry is strongly opposed to the Rockwool plant that has been proposed for Jefferson County. Heavy industry, and this plant in particular, are in direct conflict with both our comprehensive plan and our vision.

We believe the Rockwool plant is a present threat to the health, safety, and welfare of our citizens and natural resources. We are prepared to take necessary steps against Rockwool, in order to protect our people and our natural resources, to the fullest extent of the law.

Further, we instruct the Harpers Ferry representative to the JCDA, Karan Townsend, to represent the will of our citizens and elected officials by opposing any proposed bonds that would support infrastructure to the proposed Rockwool site, including an upcoming third reading and vote on the same.

Finally, we are taking action to educate all of our citizens and neighbors on the Rockwool threat. We support the citizens who are opposing this project, and

encourage our neighboring municipalities to join us in keeping heavy industry and Rockwool in particular out of Jefferson County.

Signed:

Mayor Wayne Bishop
